Are You or Someone You Know Facing A Housing Crisis Like Homelessness, Foreclosure, Couch Surfing, Struggling To Find Safe Affordable Housing?

The stories of those who are struggling for survival in this country have been silenced. Many people in our world do not believe that poor people exist in the U.S. nor do they recognize that homelessness is an issue. A Truth Commission is a place where the truth can be told about what's happening in this country and where it can be shown that each story has one thing in common: Prevention. As examples of the invisible struggles of so many in our community, personal testimonies that reveal housing and human rights violations will be shared with community leaders.

Join us to hear stories, share your own, and create solutions to these problems. Light refreshments will be provided.

Organized by Social Welfare Action Alliance - Rochester Chapter, and Students for a Democratic Society

Cosponsored by:

Empower Welfare Rights, House of Mercy, Rochester Poor Peoples Coalition, The College at Brockport's Social Work Department, The Greater Rochester Collaborative MSW Program of Nazareth College and the College at Brockport, St. Joseph's Neighborhood Center, The Greater Rochester Chapter of the National Organization for Women, Flying Squirrel Collective, Rochester Indymedia National Association of Social Workers - New York State Chapter: Genesee Valley Division, Rochester Food Not Bombs
